

Extracts from National Action Plan on Environmental Protection of Ukraine for 2011-2015

(Approved by Order of Cabinet of Ministers of Ukraine of 25 May 2011, No. 577)

Measures	Responsible executors	Time frame	Source of funding (potential)	Indicative funding, thousand hryvnas					Relevant Aichi Biodiversity Targets	
				Total	Including by years					
					2011	2012	2013	2014		2015
Goal 1. Public environmental awareness raising										
1. Comprehensive advertising and information, raising awareness campaign in order to form in the society understanding of value of favorable environment for human well-being, including:	Ministry of Ecology and Natural Resources	January 2012 - December 2013	State Environmental Protection Fund	10000		5000	5000		1	
production and placement on television of social environmental advertisement	Ministry of Ecology and Natural Resources State Committee for Television and Radio Broadcasting of Ukraine	January 2012 - December 2013								
publication of environmental materials in printed media	Ministry of Ecology and Natural Resources	January 2012 - December 2013								
publication of social environmental advertisement the Internet	Ministry of Ecology and Natural Resources	constantly								
raising awareness campaign in the media on environmentally sound methods of use and restoration of wildlife, improvement of agricultural landscapes, land protection, respect for the species of flora and fauna listed in the Red Data Book of Ukraine	Ministry of Ecology and Natural Resources	January 2012 - December 2013								
support the publication of academic, scientific and popular materials on nature conservation, as well as training and educational films, television series and broadcast	Ministry of Education and Science, Youth and Sports, Ministry of Ecology and Natural Resources	January 2012 - December 2013								
development and printing of polygraphic presentation and image products	Ministry of Education and Science, Youth and Sports, Ministry of Ecology and Natural Resources	June - December 2011								
production and placement of environment outdoor advertising	Ministry of Education and Science, Youth and Sports, Ministry of Ecology and Natural Resources	June - December 2011								
information campaign to promote modern technologies in the field of energy efficiency and resource conservation	Ministry of Ecology and Natural Resources other Central Executive Authorities	June - December 2011								
2. Establishing of regional eco-educational centers in educational institutions, non-governmental environmental organizations, protected areas subordinate to the local executive authorities, environmental summer camps, school environmental clubs	Local Authorities Ministry of Ecology and Natural Resources Ministry of Education and Science, Youth and Sports	January 2012 - December 2015	Other sources	involment of any funds not prohibited by law					1	
3. The development and adoption of guidelines for implementation of sustainable economic models and environmentally friendly technologies in economy, in particular construction (municipal sewage cleaning system, water supply, conservation of water and land resources, energy conservation, alternative energy sources, environmentally sustainable subsistence economy, etc.)	Ministry of Ecology and Natural Resources other Central Executive Authorities	January 2012 - December 2013	State budget	within the funds allocated for maintenance					4, 19	
4. Educational and awareness raising activities aimed at implementation of sustainable economic models and environmentally friendly technologies	Ministry of Ecology and Natural Resources Local Authorities,	January 2012 - December 2015	Local Environmental Protection Funds	within the funds allocated for relevant year					19	
5. The establishment of local information-and experimental, demonstration and training centers to promote the introduction and spreading of sustainable economic models and environmentally friendly technologies	Ministry of Ecology and Natural Resources, other Central Executive Authorities	January 2013 - December 2015	State budget	within the funds allocated for maintenance					19	

Measures	Responsible executors	Time frame	Source of funding (potential)	Indicative funding, thousand hryvnas					Relevant Aichi Biodiversity Targets	
				Total	Including by years					
					2011	2012	2013	2014		2015
Goal 2. Improvement of the environmental situation and improve environmental safety										
6. Create a database of available methods (technologies and technological standards) of industrial and agricultural production, treatment and agronomic technology to minimize environmental pollution, resource and energy conservation with the cost of their implementation	Ministry of Ecology and Natural Resources, other Central Executive Authorities	June 2011 - December 2012.	European Union sector budget support	585	292,5	292,5				3, 19
		June 2011 - December 2012	International technical assistance	within projects of international technical assistance					3, 19	
7. Development of proposals to stimulate businesses to CMM use, establishment of bioenergy, small hydro, solar and geothermal energy facilities, wind power and other facilities that work on alternative power sources	Ministry of Energy and Coal Industry, State Agency on Energy Efficiency and Energy Saving, Ministry of Ecology and Natural Resources, other Central Executive Authorities	January 2012 - December 2013	Other sources	involment of any funds not prohibited by law					4	
8. Development of scientific studies on the vulnerability of environmental and socio-economic systems to the climate change	Ministry of Ecology and Natural Resources	January 2012 - December 2014	State Enviromental Protection Fund	600		200	200	200		8
9. Development and submission to the Cabinet of Ministers of Ukraine of draft regulations aimed at the integrated water resources management	Ministry of Ecology and Natural Resources, other Central Executive Authorities	January - December 2012	State Enviromental Protection Fund	within the funds allocated for relevant year					14	
10. Conducting research for development of the river basin management plans for Dniester, Prut and Siret, Southern and Western Bug, Seversky Donets	Ministry of Ecology and Natural Resources, State Water Resources Agency, Local Authorities	January 2012 - December 2013	European Union sector budget support	3510		1755	1755			14
11. Development and approval of the river basin management plans for Tisza and Danube rivers	Ministry of Ecology and Natural Resources, State Water Resources Agency	January 2012 - December 2013	European Union sector budget support	1170		585	585			14
12. Development of scientific study for establishment of a unified system of payment for special water use and environmental tax (for discharge of pollutants into water) to implement the river basin management plans	Ministry of Ecology and Natural Resources	January 2013- December 2015	State Enviromental Protection Fund	500			200	200	100	3, 8, 14
13. Analysis of hydroecological state of river basins of Dniester, Prut and Siret, development of guidelines for determining their ecological status for preparing management plans on use and recovery of surface water resources	Ministry of Ecology and Natural Resources	January - December 2012	State budget	120		120				14
14. Special hydroecological research of the Dniester, Prut and Siret rivers	Ministry of Ecology and Natural Resources	January - December 2012	State budget	200		200				14
15. Assessment of the impact of pollution sources on the Azov and Black Seas condition	Ministry of Ecology and Natural Resources	January 2012 - December 2015	State budget	within the funds allocated for maintenance					14	
16. Development and implementation of activities to reduce pollution of inland marine waters and the territorial sea to prevent the strengthening of human impact on the environment and the Black and Azov Seas ecosystems restoration	Ministry of Ecology and Natural Resources, central and locals executive authorities	January 2014 - December 2015	State budget	within the funds allocated for maintenance					14	
17. Implementation of measures on rehabilitation of the degraded, low productive and technologically contaminated land, reclamation of disturbed land	Local Authorities, Ministry of Agriculture and Food, State Agency of Land Resources, Ministry of Ecology and Natural Resources	June 2011 - December 2015	State budget	within the funds allocated for maintenance					15	

Measures	Responsible executors	Time frame	Source of funding (potential)	Indicative funding, thousand hryvnas					Relevant Aichi Biodiversity Targets	
				Total	Including by years					
					2011	2012	2013	2014		2015
18. Development and submission to the Cabinet of Ministers of Ukraine the draft Conception of the State Special Programme to Combat Desertification and Land Degradation (aimed at the implementation of the UN Convention to Combat Desertification in those Countries Experiencing Serious Drought and/or Desertification, particularly in Africa)	Ministry of Ecology and Natural Resources Ministry of Agriculture and Food, State Agency of Land Resources, other Central Executive Authorities	January - December 2012	State budget	within the funds allocated for maintenance					15	
19. Development and submission to the Cabinet of Ministers of Ukraine of the State Special Programme to Combat Desertification and Land Degradation (aimed at the implementation of the UN Convention to Combat Desertification), its realization	Ministry of Ecology and Natural Resources Ministry of Agriculture and Food, State Agency of Land Resources, Other Central Executive Authorities	January - December 2013	State budget	within the funds allocated for maintenance					15	
20. Development and submission to the Cabinet of Ministers of Ukraine of the draft law on amendments to the Land Code of Ukraine in terms of strengthening the ecological requirements during withdrawal (redemption), granting, changing purposeful designation of land	Ministry of Ecology and Natural Resources, other Central Executive Authorities	June - December 2011	State budget	within the funds allocated for maintenance					7	
21. Improvement of the agricultural landscapes management to restore the environment, improve natural resource capacity of biological and landscape diversity areas considering the need of ecological network development	Ministry of Agriculture and Food, State Agency of Land Resources, State Agency of Forestry, Ministry of Ecology and Natural Resources Local Authorities	June 2011 - December 2015	State budget	within the funds allocated for maintenance					7	
		January - December 2012	Local budgets	within the funds allocated for maintenance						
22. Development of the feasibility study on the implementation of rent for special use of forest resources and valuation of ecosystem services provided within their use	Ministry of Agriculture and Food, State Agency of Forestry	June - December 2011	State budget	within the funds allocated for maintenance					3	
23. The development and adoption of national standards on sustainable forest management, harmonized with FSC international system	Ministry of Agriculture and Food, State Agency of Forestry, Ministry of Ecology and Natural Resources	June 2011- December 2015	State budget	within the funds allocated for maintenance					7	
24. Development and publication of guidelines for businesses on sustainable forest management	Ministry of Agriculture and Food, State Agency of Forestry, Ministry of Ecology and Natural Resources	June 2011- December 2014	State budget	within the funds allocated for maintenance					7, 19	
25. Increase of afforestation area via reforestation and afforestation on forestry lands, establishment of protective forest plantations on non-agricultural lands and lands for reforestation, restoration and creation of new field protection forest belts, except on natural steppe areas	Ministry of Agriculture and Food, State Agency of Forestry	June 2011- December 2015	State budget	within the funds allocated for maintenance					5, 15	
26. Reclamation of lands disturbed by human activity at least up to 2.5 thousand ha by 2015	Ministry of Energy and Coal Industry, other Central Executive Authorities	June 2011- December 2015	State budget	within the funds allocated for maintenance					15	
Goal 3. Achievement of environment safe for the human health										
27. The improvement of state control in the field of environmental protection, including: technical modernization of state control system in the field of environmental protection	Ministry of Ecology and Natural Resources State Ecological Inspection	June 2011- December 2015	State Environmental Protection Fund	56000	16000	10000	10000	10000	10000	4, 8, 19
justification of limits and prevention of above-limit natural resources use through proper technical equipping of controlling bodies	Ministry of Ecology and Natural Resources State Ecological Inspection	June 2011- December 2015								

Measures	Responsible executors	Time frame	Source of funding (potential)	Indicative funding, thousand hryvnas					Relevant Aichi Biodiversity Targets	
				Total	Including by years					
					2011	2012	2013	2014		2015
enhance the efficiency and effectiveness of state control in the field of environmental protection through establishment of automatic stations of water quality control and improvement of sampling	Ministry of Ecology and Natural Resources State Ecological Inspection	January 2012 - December 2013	European Union sector budget support	within projects					4, 8, 19	
strengthening the state environmental and sanitary control over the nitrogen and phosphorus containing compounds and other pollutants in groundwater	Ministry of Ecology and Natural Resources Ministry of Health, Ministry of Agriculture and Food	January 2013 - December 2015								
28. Improvement of the statistical reporting on emissions, discharges of pollutants, waste treatment, natural resources use, the implementation of environmental protection activities	Ministry of Ecology and Natural Resources State Statistics Service, other Central Executive Authorities	June 2011- December 2012	State budget	within the funds allocated for maintenance					4	
29. Classification of the Ukraine's territory according to the environmental risks zones, creation of a database of such zones and mapping them using GIS	Ministry of Ecology and Natural Resources other Central Executive Authorities	January 2012 - December 2013	State Environmental Protection Fund	500		300	200			19
30. Background monitoring on the protected areas	Ministry of Ecology and Natural Resources	June 2012- December 2013	State Environmental Protection Fund	1857,5		350	437,5	500	570	19
Goal 4: Integration of environmental policy and improvement of integrated environmental management										
31. Development and submission to the Cabinet of Ministers of Ukraine the draft law on amendments to the Law of Ukraine "On Environmental Protection" regarding mandatory consideration of the principles of the State environmental policy in sectoral (industrial) and regional draft strategies and programs, during strategic environmental assessment etc.	Ministry of Ecology and Natural Resources	June 2011- December 2012	State budget	within the funds allocated for maintenance					17	
32. Development of sectoral and regional programs on environmental protection (in terms of reduction of emissions and discharges of pollutants, waste production)	central and locals executive authorities, Ministry of Ecology and Natural Resources	June - December 2011	State budget	within the funds allocated for maintenance					8	
33. Development and submission to the Cabinet of Ministers of Ukraine of the draft act on the establishment of inter-agency committee for inclusion of activities on the economy ecologization to the state and sectoral programs	Ministry of Ecology and Natural Resources	June - December 2011	State budget	within the funds allocated for maintenance					8	
34. Development and implementation of the mechanism to stimulate innovations in the field of environmental protection	Ministry of Ecology and Natural Resources, other Central Executive Authorities	January - December 2013	State budget	within the funds allocated for maintenance					3	
35. Development and publication of guidelines on the implementation of environmental management systems for individual economic sectors	Ministry of Ecology and Natural Resources	January - December 2013	State budget	within the funds allocated for maintenance					19	
36. Development and submission to the Cabinet of Ministers of Ukraine the draft law on amendments to the Law of Ukraine "On public procurement" regarding introduction of ecologically reasonable (green) procurement	Ministry of Ecology and Natural Resources, Ministry of Economic Development, other Central Executive Authorities	June - December 2011	State budget	within the funds allocated for maintenance					3	
37. Promotion of the development of bicycle, electric and other environmentally friendly transport including one that works on biofuel, establishment and maintenance of service network, increasing the fleet and the number of routes (lines) of urban electric transport	Ministry for Regional Development, Building and Housing, Ministry of Economic Development, Ministry of Ecology and Natural Resources, other central and locals executive authorities	January - December 2012	State budget	within the funds allocated for maintenance					3	

Measures	Responsible executors	Time frame	Source of funding (potential)	Indicative funding, thousand hryvnas						Relevant Aichi Biodiversity Targets
				Total	Including by years					
					2011	2012	2013	2014	2015	
38. Development and submission to the Cabinet of Ministers of Ukraine of the draft act to strengthen liability for damage caused to pipelines, which foresees compensation for damage to the environment resulting from pipeline damage	Ministry of Ecology and Natural Resources, Ministry of Internal Affairs, Ministry of Energy and Coal Industry, State Ecological Inspection	January - December 2012	State budget	within the funds allocated for maintenance						4
39. Conservation of soil biodiversity as one of the main factors of their fertility and promotion of relevant research	Ministry of Agriculture and Food, Ministry of Ecology and Natural Resources	January 2012 - December 2013	State budget	500		250	250			7
40. Development and approval of methodology of environmentally friendly agriculture according to international practice	—“—	—“—	International technical assistance	within projects of international technical assistance						3
41. Inventory of military and defense lands for the establishment of protected areas on them	Ministry of Defence	June 2011 - December 2015	State budget	within the funds allocated for maintenance						11
42. Development and submission to the Cabinet of Ministers of Ukraine of the draft act to promote environmental (green) tourism	Ministry of Infrastructure, Ministry of Ecology and Natural Resources, other Central Executive Authorities	January - December 2013	State budget	within the funds allocated for maintenance						4
Goal 5. Halting the loss of biological and landscape diversity and development of ecological network										
43. Development of scientific methods and appropriate regulatory framework to prevent and control the spread of invasive alien species under the Convention on Biological Diversity	Ministry of Ecology and Natural Resources, other Central Executive Authorities	January 2013 - December 2014	State Environmental Protection Fund	within the funds allocated for relevant year						9
44. Improvement of state control over the legal compliance during the movement of wild flora and fauna species through the state boundary	Ministry of Ecology and Natural Resources State Ecological Inspection, State Customs Service, Administration of State Border Guard Service	June 2011 - December 2013	State budget	within the funds allocated for maintenance						12
45. Strengthening of the control over the trade in of the endangered wild flora and fauna species	Ministry of Ecology and Natural Resources State Ecological Inspection, Ministry of Internal Affairs	June 2011 - December 2015	State budget	within the funds allocated for maintenance						12
46. The organization of training courses and introduction of specialization in the field of ecology, conservation of biological and landscape diversity in the relevant educational institutions	Ministry of Education and Science, Youth and Sports, Ministry of Ecology and Natural Resources	January - December 2012	State budget	within the funds allocated for maintenance						1
47. Development of methodologies for valuation and classification of ecosystem services	Ministry of Ecology and Natural Resources	January 2014 - December 2015	State Environmental Protection Fund							14
48. Establishment of new and expansion of existing terrestrial and marine protected areas	Ministry of Ecology and Natural Resources	June 2011 - December 2015	State Environmental Protection Fund	2635	210	500	625	650	650	11
		June 2011 - December 2013	European Union sector budget support	3861	702	1755	1404			
49. Establishment and maintenance of national nature parks, nature and biosphere reserves, botanical gardens	Ministry of Ecology and Natural Resources	June 2011 - December 2013	State Environmental Protection Fund	236647	31379	37150	46437	56025	65655	11
		June 2011 - December 2013	European Union sector budget support	28197	10296	6435	11466			
50. Informational and educational activities aimed at the public support of establishment and expansion of protected areas	Ministry of Ecology and Natural Resources	June 2011 - December 2015	State Environmental Protection Fund	8075		1500	1875	2200	2500	11
		June 2011 - December 2013	European Union sector budget support	8892	702	3510	4680			

Measures	Responsible executors	Time frame	Source of funding (potential)	Indicative funding, thousand hryvnas					Relevant Aichi Biodiversity Targets	
				Total	Including by years					
					2011	2012	2013	2014		2015
51. Development of the national ecological network upto to 41 per cent of the state territory	Local Authorities, Ministry of Ecology and Natural Resources Ministry of Agriculture and Food, State Agency of Land Resources, State Water Resources Agency, State Agency of Forestry	June 2011 - December 2015	State budget	within the funds allocated for maintenance					11	
		June 2011 - December 2015	Local budgets	within the funds allocated for maintenance						
52. Determination of areas in which are planned to create up to 2020 ecologically representative and well connected systems of protected areas at least of 17 per cent of terrestrial and inland water, and 10 per cent of coastal and marine areas	Local Authorities, Ministry of Ecology and Natural Resources Ministry of Agriculture and Food, State Agency of Land Resources, State Agency of Forestry, State Water Resources Agency	June 2011 - December 2014	State budget	within the funds allocated for maintenance					11	
			State Enviromental Protection Fund	within the funds allocated for relevant year						
			Local Environmental Protection Funds	within the funds allocated for relevant year						
			Local budgets	within the funds allocated for maintenance						
			Other sources	involment of any funds not prohibited by law						
53. Development of the draft act on approval of the consolidated scheme of ecological network	Ministry of Ecology and Natural Resources, other Central Executive Authorities	January 2013 - December 2015	State Enviromental Protection Fund	3500			1000	1000	1500	11
54. Scientific studies on descriptions of schemes, creation of conceptions of Dniester, South-Ukrainian, Seversk-Donets, Bug, Galician-Slobozhansky ecological corridors	Ministry of Ecology and Natural Resources	June 2011 - December 2013	State Enviromental Protection Fund	950	350	300	300			11
55. Development and publication of a national report on the development of national ecological network for a period 2006-2010	Ministry of Ecology and Natural Resources, other Central Executive Authorities	June 2011 - December 2012	State Enviromental Protection Fund	500	200	300				11
56. Development of scientific guidance for integrated ecological network monitoring, in particular biodiversity monitoring	Ministry of Ecology and Natural Resources	January 2012 - December 2013	State Enviromental Protection Fund	950		250	700			19
57. Establishment of national and regional databases on ecological network	Ministry of Ecology and Natural Resources, other Central Executive Authorities	January 2012 - December 2015	State Enviromental Protection Fund	1750		550	400	400	400	11
58. Improvement of the mechanism of information collecting about wildlife species listed in the Red Data Book of Ukraine, including research of species and their conservation in the environment	Ministry of Ecology and Natural Resources	June 2011 - December 2015	State Enviromental Protection Fund	4250	250	1000	1000	1000	1000	12
59. Taxonomic, populational, ecological and chorological studies of species of plants and fungi listed in the Red Data Book of Ukraine, aimed at their conservation in the natural environment.	Ministry of Ecology and Natural Resources	June 2011 - December 2015	State Enviromental Protection Fund	4250	250	1000	1000	1000	1000	12
60. Population-specific monitoring of the wildlife	Ministry of Ecology and Natural Resources	January 2012 - December 2015	State Enviromental Protection Fund	4750		550	1400	1400	1400	12
61. The maintenance of the Green Book of Ukraine	Ministry of Ecology and Natural Resources	January 2013 - December 2015	State Enviromental Protection Fund	900			300	300	300	12
62. Management of the State Cadastre of Fauna	Ministry of Ecology and Natural Resources	June 2011 - December 2015	State Enviromental Protection Fund	3350	150	800	800	800	800	12
63. Management of the State Cadastre of Flora	Ministry of Ecology and Natural Resources	June 2011 - December 2015	State Enviromental Protection Fund	2840,1	215,3	224,8	800	800	800	12
64. Conservation of brown bears population in the National Nature Park "Synevir"	Ministry of Ecology and Natural Resources	January - December 2013	State Enviromental Protection Fund	100			100			12
65. Reproduction of bison population in the National Nature Park	Ministry of Ecology and Natural Resources	January -	State Enviromental	250				250		12

Measures	Responsible executors	Time frame	Source of funding (potential)	Indicative funding, thousand hryvnas					Relevant Aichi Biodiversity Targets	
				Total	Including by years					
					2011	2012	2013	2014		2015
"Vyzhnytskyi"		December 2014	Protection Fund							
66. Reproduction of the great bustard population in the National Nature Park "Velykyi Lug"	Ministry of Ecology and Natural Resources	January - December 2012	State Environmental Protection Fund	250				250		12
67. Keeping up of the cetaceans in the Black and Azov Seas, development of recommendations to reduce human impact on their numbers	Ministry of Ecology and Natural Resources	June - December 2011	State Environmental Protection Fund	950	950					12
68. Conservation of forest and other bas species populations in the National Nature Park "Desnyansko-Starogutskyi"	Ministry of Ecology and Natural Resources	January - December 2012	State Environmental Protection Fund	90		90				11
69. Development and publication in accordance with the Convention on International Trade in Endangered Species of Wild Fauna and Flora guides on CITES specimens of individual taxonomic group (mammals, birds, reptiles, arthropods, amphibians) for employees of State Inspection at the checkpoints on the state border	Ministry of Ecology and Natural Resources	January - December 2012	State Environmental Protection Fund	1200		1200				19
70. Development and publication of Encyclopedia of Migratory Species of Wild Animals (first stage)	Ministry of Ecology and Natural Resources	January 2012 - December 2013	State Environmental Protection Fund	1800		900	900			19
71. Creation of a genetic bank of flora species listed in the Red Data Book of Ukraine	Ministry of Ecology and Natural Resources	January 2012 - December 2015	State Environmental Protection Fund	2500		200	300	1000	1000	13
72. Development and publication (in Ukrainian and English) of the Carpathians Environment Outlook	Ministry of Ecology and Natural Resources	June 2011 - December 2012	State Environmental Protection Fund	1510	400	1110				19
73. The development and adoption of the regional and local schemes and programs for ecological network development	Local Authorities	June 2011 - December 2015	Local Environmental Protection Funds	within the funds allocated for relevant year					11, 17	
			Local budgets	within the funds allocated for maintenance						
			Other sources	involment of any funds not prohibited by law						
74. Development and maintenance of lists of ecological network areas and sites	Ministry of Ecology and Natural Resources Local Authorities, State Agency of Land Resources, Ministry of Justice	January 2013 - December 2015	State budget	within the funds allocated for maintenance					11, 17	
			State Environmental Protection Fund	within the funds allocated for relevant year						
			Local Environmental Protection Funds	within the funds allocated for relevant year						
			Local budgets	within the funds allocated for maintenance						
			Other sources	involment of any funds not prohibited by law						
75. Development of activities for the conservation, sustainable use and restoration of migratory species of wild animals and their habitats	Ministry of Ecology and Natural Resources Ministry of Agriculture and Food, other Central Executive Authorities	June 2011 - December 2015	State budget	within the funds allocated for maintenance					12	
76. Conservation of wild flora and fauna under the Conference of the Parties to the Convention on Biological Diversity	Ministry of Ecology and Natural Resources Ministry of Education and Science, Youth and Sports, other Central Executive Authorities	June 2011 - December 2015	State budget	within the funds allocated for maintenance					12	
77. The development and implementation of activities for the conservation of flora and fauna species listed in the Red Data Book of Ukraine or protected in accordance with international obligations of Ukraine	Ministry of Ecology and Natural Resources	June 2011 - December 2015	State Environmental Protection Fund	1200		300	300	300	300	12
78. The implementation of the protected area management taking into account ISO 9001, ISO 14001, OHSAS 18000 standards and international experience	Central Executive Authorities to which are subordinated protected areas	January 2012 - December 2015	State Environmental Protection Fund	2375		500	625	625	625	11
79. Development and submission to the Cabinet of Ministers of	Ministry of Ecology and Natural Resources	January 2013 -	State budget	within the funds allocated for maintenance					3	

Measures	Responsible executors	Time frame	Source of funding (potential)	Indicative funding, thousand hryvnas					Relevant Aichi Biodiversity Targets	
				Total	Including by years					
					2011	2012	2013	2014		2015
Ukraine the draft law on amendments to the Tax Code of Ukraine regarding tax benefits to enterprises, institutions, organizations and citizens on lands of which are located protected areas and ecological network objects	other Central Executive Authorities	December 2015								
80. Conservation of the grouse populations in the Carpathian National Nature Park	Ministry of Ecology and Natural Resources other Central Executive Authorities	January - December 2014	State Enviromental Protection Fund	700				700		12
81. Implementation of measures to prevent seizure of felled trees in the forests for the preservation of ecosystems integrity	Ministry of Ecology and Natural Resources State Agency of Forestry	June 2011 - December 2015	State budget	within the funds allocated for maintenance					7	
82. Establishment of artificial breeding centers, re-acclimatization of rare plant and animal species including endangered ones	Ministry of Ecology and Natural Resources other Central Executive Authorities	June 2011 - December 2015	State budget	within the funds allocated for maintenance					12	
83. Development of a mechanism promoting the conservation of biological and landscape diversity, ecological network development on the lands of all forms of ownership	Ministry of Ecology and Natural Resources Ministry of Economic Development, Ministry of Finance, Ministry of Agriculture and Food	January 2014 - December 2015	State Enviromental Protection Fund	400				150	250	3
Goal 6. Sustainable nature use										
84. Development of an action plan to stimulate the implementation of innovative projects, energy-efficient and resource-saving technologies, low-waste, non-waste and environmentally friendly processes	Ministry of Ecology and Natural Resources other Central Executive Authorities	January - December 2012	State budget	within the funds allocated for maintenance					3	
85. Reformation of the permit system using scientifically based limits for the natural resources use	Ministry of Ecology and Natural Resources	January 2012 - December 2015	International technical assistance	within projects of international technical assistance					6	
86. The development of financial and economic study on environmental tax rates, including:	Ministry of Ecology and Natural Resources other Central Executive Authorities	January 2013 - December 2014	State Enviromental Protection Fund	400			200	200		3, 8
